The following page explains how to assemble and use the games.
Instructions

1. Print and laminate each board game on paper or card.
2. If you have students that have large writing the games can be enlarged to A3 (Ledger) size so that the writing squares are bigger.
3. To play the game, students will need 2 different colored markers. They will also need a spinner. To make a spinner use a paperclip and either a pencil or chopstick.
4. The students take turns to spin a word, read the word and then write it on the grid. The winner is the first player to get 4 words in a row in any direction.
