TEACHING

About This Pack

As a teacher, it's important to have adequately prepared lessons, with clear objectives that are also obvious to your students.

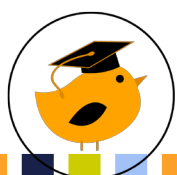

You not only need to plan your lessons, but you also have many other tasks that need to be completed. You also make resources, meet with parents, attend staff meetings/team meetings, write reports, plan excursions/incursions/assemblies. And the list goes on.

The planning documents in this pack will help you to get on top of all of these tasks. There are a number of different planner templates that have been divided into:

- Yearly planners
- Quarterly planners
- Monthly planners
- Weekly planners
- Checklists

Pick the templates that suit your needs the most, print them, bind them for durability and you're ready to go.

These templates are not editable and are designed to be printed. Printed planners allow you not to be distracted by digital devices which in turn, helps you to focus in on your most important tasks and priorities.
